# Q7x30 Interface Modules For Series 90 Modutrol IV Motors

For converting Series 90 Modutrol IV motors to Series 70 (electronic) control.

## Overview

For converting Series 90 Modutrol IV motors to Series 70 (electronic) control.

### Features & Benefits:

- Mounts and works inside wiring box of any series 90 Modutrol IV Motor
- Protected from weather by motor's NEMA 3 wiring box
- Mates to motor's quick-connect terminals and provides screw terminals for control wiring connections
- Features solid-state circuitry with surface mount components
- Cover holds module in place, screws not required
- Includes (except Q7330A) reversing switch to allow replacement of electrically normally open or electrically normally closed motors
